

SOLO DANCERS

Need a partner?

Are you missing out on hoedowns because you don't have a partner, and are afraid if you go by yourself you won't get to dance?

There may be somebody else staying home for the very same reason!

Get in touch using our new, easy-to-use partner contact system:

- register your interest in attending a particular dance
- get e-mail notification when somebody else registers for the same event
- view contact information for potential partners

For more information or to try it, visit our web site at:

<http://www.scvsda.org/solo.html>

Please note that this system does not assign partners. This system does not screen or endorse partners. It is up to you to decide whether a potential partner is appropriate for you or for dancing at the event in question. It simply lets people who want to attend the same dance get in touch with each other.

Reminder

There's lots of square dancing in this area this summer!

For the latest listings, see our online calendar at:
