### New class

Welcome to the new dancers that have just joined us! We hope you will find square dancing to be a life-long joy that you can share with us.

As a reminder, beginners are Tuesdays at 7 o'clock, and returning students at 8:30. Caller Rich Reel is doing a great job!

Angels — don't forget to spread out and assist squares as needed.

### It's a Small World !!

Wayne Saylor reports that at the recent "Back to School" party night, he walked up to a fellow dancer who looked like someone who owned a shoe repair shop in Sunnyvale. Asking if his last name was "Sheppard," Wayne was answered in the affirmative and told the surprised Steven that he knew his fourth grade teacher at Panama School in Sunnyvale — Miss Drummond. Wayne met Miss Drummond at Bows and Bows square dance class in January, 1968. Steven did remember that in October, 1969 when he was 10, Miss Drummond changed her name — to Mrs. Saylor!!!

It IS a small world — wonder what tales Connie Saylor could tell about those Sheppard boys!!!

### The HorseShoe Lives Again

With the recent passing of Joe Carboni, this publication has been dark. This attempt is to once again have open communication with our membership.

I look forward to trying to create a newsletter similar to what Joe would have done. Please contribute your ideas, news, stories, and more.
